

MARTINUS

IN BLACK & WHITE (II)

SKÄRVA GÅRD SUMMER 2017

Poul Dyrholm & Dennis Persson

This is an art project in which the two artists give a tribute to the Danish esoteric writer Martinus and his positive and comprehensive world picture, which is a great inspiration for them both. Poul's visionary symbols are painted with acrylic on canvas and Dennis' work are purely Indian ink on paper inspired by Art Nouveau and 60s Flower Power posters.
